email: info@4soft.cz
web: www.4soft.cz

Year of manufacture: 2025
Spinner Board – For every playground where children want to have fun to the fullest!

The lottery machine is intended for users over 3 years of age !

Basic product description

Do you have a beautiful SmartSoft or Streetmark surface on your playground with lots of interactive games, but the children forgot to bring their dice? Thanks to our dice dispenser, you no longer have to worry about that! This playful and clever feature will not only liven up your playground, but also allow children to start playing a variety of games immediately and without preparation: Twister, jumping tracks, Ludo, Snakes & Ladders, and many more.

The lottery wheel will become the center of entertainment, where children will spin a number, color, or body part to move in the game. And what's more? The integrated counter allows for easy tracking of points, rounds, or attempts – ideal for team competitions or school tournaments!

Key features

- **Endless fun – children can easily join in games without having to carry any equipment.**
- **Durability and safety – high-quality materials and safe design.**
- **Development of motor and cognitive skills – children learn through play, practicing movement, colors, numbers, and coordination.**

Give your playground a new dimension and let children decide how to play right on the spot! The Spinner Board is a great choice for schools, kindergartens, municipalities, and development projects focused on community life.

Spinner Board

Technical description of the product

The Spinner Board is an innovative play element designed specifically for outdoor playgrounds. It is an ideal addition to our interactive playgrounds and graphics made from SmartSoft EPDM surface and playgrounds with Streetmark thermoplastic surface. It increases the variability and playfulness of outdoor play areas and expands the possibilities of using game themes without the need to bring your own dice or other game accessories.

Features of the Spinner Board

- **Multifunctional use:**

  Classic dice (1–6)
  Number generator 1–16
  Color selection (red, blue, yellow, green)
  Random selection of right/left hand or foot

- **Safety:**

  Smooth edges and robust construction ensure maximum safety for children.

- **Point/lap counter:**

  Integrated mechanical counter for easy tracking of game progress.

- **High durability:**

  Body made of UV-stabilized HDPE plastic (high-density polyethylene), resistant to weathering and vandalism. Solid steel base anchored to a concrete foundation.

Dimensions of the Spinner Board

- **Height: approx. 120 cm**
- **Width: approx. 40 cm**
- **Depth: approx. 10 cm**

(without base)

UPOZORNĚNÍ:
Spinner Board is not manufactured to be 100% vandal-proof, and therefore it is necessary to pay increased attention to its placement and security.

Spinner Board

Installation and placement of the Spinner Board

- **Anchoring to concrete foundations using chemical anchors or dowels and screws**
- Location in a publicly accessible but controlled area. We recommend locations with natural foot traffic (e.g., playgrounds, parks, community zones).
- The lottery machine itself can also be placed on a facade or other base.

Use with StreetMark graphics and EPDM tokens

For every playground where children want to have fun to the fullest! EPDM tokens take the game to the next level.
